- A healthy mindset is also required. No matter how well you have planned, have the courage to accept failure. Maybe you don't do well in one exam, don't give up, Learn from your failure, find out the key problem and then work hard to overcome it.
- Above all, Maintain a healthy body. Health is wealth, eat healthy. Good health is a reflection of a disciplined lifestyle and healthy eating habits. Exercise to stay fit.

MESSAGE FROM THE CHAIRMAN

Dear Parents,

We are all grateful to the Almighty for giving us this opportunity through life to serve and be a part of this serving in education. The persistent hard work of the Xavarian students, selfless commitment of the Teachers and the cooperation of the parents along with God's blessings have resulted in the achievement of very good academic results of Classes 10 and 12, which is a matter of great honour for St. Xavier's Schools in Chandigarh, Panchkula and Mohali.

The recently introduced St. Xavier's School App, to pay online School and Transport Fees is a home grown effort to help students and parents in paying their School and Transport Fee. The School App has been created for the convenience of parents. This will also facilitate in the future easy communication between the school and parents.

In addition to co-curricular activities during school hours, St. Xavier's School is encouraging sports and other activities in the evening too through professional coaching at no additional costs. You are requested to encourage your wards in availing this facility which will help in developing a healthy lifestyle.

St. Xavier's Chandigarh is the first School in the tricity to introduce a School bus using Compressed Natural Gas (CNG) instead of Diesel. This is in keeping with the belief of being responsible and making efforts in reducing the pollutants in the Atmosphere. It is well known that CNG is a clean gas with negligible particulate matter and non toxic emissions. Let us all in our own way preserve, protect and nurture our environment and be one with Nature.
